Coach or be Coached

Number 9

The Croydon Coaching Program is introducing a new and exciting opportunity for developing coaches and players to come together to further learn and practice skills in both playing and coaching table tennis.

Jenny Langridge is one of Australia's leading coaches and has a passion for empowering others in how to learn and in how to teach others to learn.

Participants can elect to be coached or be the coach in both group and one-on-one scenarios. Players will have a fantastic opportunity to experience individual and group coaching with interactive feedback regarding their game. Ideal for newly trained TOPS or Level 1 coaches who will be able to gain confidence and experience with their coaching in a supportive learning environment.

Lead Coach: Jenny Langridge – Level 2
